Mr Churchill's Class	95.2

Year 2/3 Collective Worship

Thank you to everyone who attended the children's Class Worship on Thursday this week. The theme was Thankfulness and the children shared what they were thankful for. **Thank you**, as always, for joining us.

Broth and Stottie

The PTA are looking forward to hosting the Broth and Stottie event on Wednesday 21st November at 3.00pm. Weather permitting this will take place on the yard, otherwise in the School Hall. Monday will be the very latest opportunity for orders to be placed, please hand your forms and money to Ali in the School Office.

Children in Need day

Thank you to those that donated to Children in Need through our non uniform day and the sale of Pudsey biscuits. We will text parents to let you know the amount raised next week.

Parent Questionnaire

You will receive today a Parent Questionnaire looking for your views on the recent Parental Consultation meetings. We would really appreciate your comments and look forward to receiving your responses.

Thank you
Mr Appleby

Cyber Crime Trends Durham And Darlington

What cyber crime has been happening in Durham and Darlington?

Below are the top 3 cyber enabled frauds by volume that have occurred last month in the Durham and Darlington area. We urge everyone to remain vigilant and protect yourselves when online.

- 1)Online Shopping & Auctions: These have included reports of sellers being targeted by the fake Paypal email scam.
- 2)Computer Software Service Fraud: Numerous reports have come in whereby victims have reported that they have received pop up warnings of computer viruses/issues and to phone the associated number to rectify the problem. The criminals then request a payment from the victim for computer protection.
- 3)Dating Scams.

These are the top 3 cyber dependant offences by volume:

- 1)Computer virus spyware/malware: Reports of viruses/malware have been recorded as text message scams offering free supermarket vouchers if the victim clicks a link. Upon Clicking the link either personal details are requested or they are taken to a blank page which presumably has led to a malicious download. Can also be emails claiming to be from a trusted source but contain malicious attachments.
- 2)Hacking-social media & email: Paypal, Instagram, Email etc.
- 3)Hacking-personal: Personal reports have been recorded as computer software service fraud.

Please report any suspicious activity to Action Fraud. If you have any queries you can contact me direct via email at katie.bartle@durham.pnn.police.uk. For further advice on cyber safety and security, please visit us on facebook at Durham Cyber Safety.

Games Console Advice For Parents

Fortnite, Minecraft, Xbox, RDR 2, PS4, VR, COD, Black Ops 4, Switch

This isn't a nonsense language made up by us in the office-they are all terms related to games consoles and will no doubt form part of children's (and adults!) Christmas lists this year.

If you are buying a child a games console for Christmas make sure that you are aware of potential risks around them and promote safe gaming. Not clued up on the latest games consoles?

Have a look at our top questions to ask when buying a games console for children:

- How do I know if games have online multiplayer?
- Does this gaming device have internet access? What does this allow you to do online?
- Is it possible to monitor internet use and manage what content my child can access?
- How can this gaming console/game be used to communicate with people online, and is it through voice chat or direct messages?
- Can my child run up a bill on this gaming device? Is there a way to restrict or monitor spending?
- Do I need a valid credit/debit card to set up anything on the device?
- How do I protect my child's identity/my identity when using a console?
- What personal information (eg date of birth, real name) can be viewed on the console?
- What security measures can I put in place to protect personal information?
- Can I put in place different parental settings for different family members?

If you require advice on safe gaming for children you can visit internetmatters.org and saferinternet.org.uk for in depth guides to safe gaming.
